Cairo, Egypt | +20 106 746 6644 | hussein.ramadan.acct@gmail.com | Military service: Final exemption

PROFESSIONAL SUMMARY

Financial accountant with over 10 years of experience across manufacturing, décor and exhibitions, and general accounting. Hands-on ownership of the full accounting cycle, including General Ledger, Treasury, Accounts Payable, Accounts Receivable, payroll, inventory control, and monthly and annual closings and reconciliations. Advanced Excel user (INDEX MATCH, XLOOKUP, Pivot Tables, Power Query, and SUMIFS) with strong financial analysis and management reporting that supports decision-making. Known for accuracy, organization, and performance under pressure, with a focus on internal controls, account review, and process improvement. Practical experience in costing, procurement, pricing, and profitability analysis, connecting accounting data with operations and management needs.

CORE COMPETENCIES

General Ledger · Treasury · Accounts Payable · Accounts Receivable · Payroll · Inventory Control · Month-End Close · Account Reconciliations · Cost Accounting · Management Reporting · Internal Controls · Financial Analysis · Cash Flow · Odoo ERP · Power BI · Advanced Excel · Power Query

PROFESSIONAL EXPERIENCE

Financial Accountant — Crigncy for Decorations and Exhibitions · 2025 – Present

- Record and review daily journal entries for treasury, sales, and production costs, ensuring accounts are accurate and aligned with the chart of accounts.
- Manage and review treasury transactions of approximately EGP 3 million per month, tracking and reconciling around 440 financial movements monthly, confirming balances and clearing variances or outstanding items.
- Monitor accounts payable and accounts receivable balances and run ongoing reconciliations to detect and resolve differences before month-end close.
- Prepare account reconciliations and support month-end close, ensuring journals and balances are complete for financial and management reports.
- Track inventory movement and warehouse balances, reviewing production-related transactions to support accurate production costing.
- Contribute to preparing the trial balance and periodic financial reports used by management for performance monitoring and decision-making.
- Review expense allocation and ensure costs are charged to the correct accounts and cost centers, supporting internal controls and safeguarding company assets.

Financial Accountant — Max Speed Outsource · 2024 – 2025

- Managed and reviewed daily accounting operations for a company specialized in labor supply and restaurant-sector services.
- Reviewed monthly payroll for approximately 3,000 pilots plus 30 supervisors and 30 administrative staff, validating data, entitlements, deductions, settlements, and on-time payment.
- Matched attendance, entitlements, and deductions against payroll files and cleared variances and settlements before payroll approval.
- Followed up on supplier and customer accounts and financial reconciliations, reducing outstanding items through continuous review.
- Prepared monthly reports and accounts and supported financial close, reviewing balances and reconciliations.

Accountant — Squad Advertising · 2021 – 2024

- Managed treasury operations and daily cash movement for 3 years, including recording, reviewing, and reconciling transactions.
- Prepared and reviewed payroll, verifying entitlements, deductions, and settlements before disbursement.
- Prepared management and financial reports that supported pricing, customer billing, and performance decisions.
- Tracked customer collections, supplier balances, and related reconciliations, improving cash-flow monitoring and cash-need forecasting.

Finance and Administration Lead — Dairy Manufacturing Project (Owner-operated) · 2019 – 2021

- Founded and managed an independent dairy manufacturing project, with direct responsibility for procurement, inventory, production, sales, and financial operations.
- Built product costing and pricing models from raw-material purchase and receipt through finished-goods production and sale, tracking cost elements and analyzing profit margins.
- Monitored cash flow and prepared profitability reports, using the analysis to set production quantities and review selling prices.
- Managed supplier and customer accounts and monitored inventory movement, production costs, and sales.
- Supervised daily operations and linked accounting data to actual operations, supporting decisions on costing, pricing, and profitability.

Accounting and Audit Trainee — External Audit Engagements · 2017 – 2019

- Posted accounting entries and prepared trial balances for a portfolio of external-audit clients.
- Assisted in preparing financial statements, tax returns, and VAT returns in line with Egyptian tax laws and regulations.
